DOB: 12-17-1991

BRANCH: US Navy

SQUADRON: VFA-145 Roadrunners

SHIP: USS ENTERPRISE CVN-8

DATE OF INCIDENT: 23-4-2025 to 26-4-2025

LOCATION: Sarakah Region, Republic Of Raktar

CAUSE OF 's F/A-18E Super Hornet and another Super Hornet was escorting a USAF C-130H transport when an SA-2 Guideline missile system attacked the transport and its' escorts, 's Super Hornet was shot down, but the C-130 and the other F/A-18 got out safely.

When I was flying on the starboard side of the C-130, I received a SAM alert, I contacted the other F/A-18E, callsign 'Hornet 1-5', and just 5 seconds after I ended the transmission with Hornet 1-5, my radar detected a SAM launch, I tried to a missile hit my jet and damaging both of my engines, my left vertical and horizontal stabilizer\*\*. I received another radar warning and I ejected from my aircraft and I passed out due to unknown reasons.\*\*

\*\*When I woke up, I was already on the ground and I have my Glock 22

standard issued pistol and 2 magazines on my hip,I took off my helmet and I saw two technicals mounted with HMGs rushing towards the crash site of my jet,then I realised that they were coming for me,so I ran off into the distance.I ran and I ran until I was out of breath,I was resting under a tree when I was pulled into a small house,then I saw US Special Forces in civillian clothing,the guy with a long beard said'United?',I was confused,but then I realised that was the countersign,so I responded with'Foxhound'.After that the men took off their hats and masks and introduced themselves,the guy with long beard is Spencer,the guy with the shorter beard is Grunch,the rest had not much facial hair,so I will just say their names, Bassen and Jackson,these guys are a 4-man recon team that is deep inside enemy territories,they asked me how I got here and I responded with just'I got shot down'.\*\*
